

PHARMANEX®

ANTI-AGING FROM THE INSIDE OUT

In addition to helping you look your best, Nu Skin is committed to enhancing the way you feel. Pharmanex offers a complete approach to anti-aging with nutritional supplements formulated to nourish and protect your body against the ravages of time.

With a dedicated team of scientists and a world class scientific advisory board, our research and development engine produces proprietary products that enable us to set new industry standards in anti-aging.

AGELOC®

ARE YOU READY TO FEEL
AND LIVE YOUNGER?

Nu Skin's anti-aging science is based on exclusive access to more than 30 years of anti-aging gene expression research. Nu Skin scientists have discovered not only how to target the genetic sources of aging, but how to target multiple genes instead of single genes, to provide the best results.

Our science has the unique ability to identify and target gene expression patterns—functional groups of genes that influence specific aspects of aging. Our discoveries have yielded worldwide media attention with numerous patents, published articles, presentations, and posters.

AGELOC® YOUTH

AGELOC® YOUTH

No one wants to look or feel old. Even as we age, we all want our bodies and minds to continue feeling youthful and healthy. The key is to give the body what it needs so it can continue to do what it is designed to do—live young.

Introducing Nu Skin's most advanced anti-aging supplement—ageLOC Youth. This revolutionary supplement is designed to promote your youthspan—the years you can enjoy life being more active, energetic, and healthy.

EXCLUSIVE SCIENCE

At Nu Skin, we are continually researching how gene expression affects our aging defense mechanisms. This enables us to create products that better target the sources of aging. ageLOC Youth promotes the expression of key groups of genes to support healthy aging defense mechanisms, which provide the body with powerful, protective anti-aging support.*

REMARKABLE RESULTS

ageLOC Youth promotes the body's natural ability to fight aging by boosting our internal aging defense mechanisms.

As our most advanced anti-aging supplement ever, ageLOC Youth:

1. Targets our innate ability to resist aging at its source.
2. Positively modulates gene expression with a unique blend of nutrients.
3. Influences multiple aging defense mechanisms to provide broad-spectrum nutritional benefits.*

AGELOC® YOUTH

The Power to Defy Your Age

Our most advanced anti-aging supplement ever, ageLOC Youth targets our innate ability to resist aging at its source.

120 capsules, 30-day supply

ITEM 01003763

WHAT ARE AGING DEFENSE MECHANISMS?

Aging defense mechanisms are the body's way of fighting off and maintaining resistance to aging aggressors.

ageLOC Youth maintains and supports the activity and function of the body's aging defense mechanisms by positively modulating gene expression, helping us to live youthfully.

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

AGELOC® R²

Get the benefits of ageLOC technology during the day and night to improve physical vigor and mental acuity. Recharge during the day with ageLOC R² Day to target gene expression related to cellular energy production. Renew during the night with ageLOC R² Night to target gene expression related to cellular purification.*

AGELOC® VITALITY

As we age, our bodies' ability to effectively generate and utilize energy can decline, robbing us of youthful vitality. ageLOC Vitality promotes healthy gene expression patterns associated with youthful vitality. Through targeting the sources of age-related vitality loss, ageLOC Vitality helps you feel more like you did when you were young.*

AGELOC® TR90®

ageLOC TR90 is a breakthrough weight management and body shaping system based on highly innovative gene expression science that unifies your mind and body for a leaner, younger looking you.*

HUGO ZAMBRANO
(DISTRIBUTOR)*

*This individual followed the guidelines found in the TR90 Program Guide as to product use, healthy diet, exercise (including weight training and cardiovascular workouts), and the use of appropriate supplements. Weight loss results may vary and depend on several important factors including diet, the amount, intensity, and type of exercise, and lifestyle changes. Before beginning any weight loss or exercise program, please consult a physician.

NUTRITIONALS

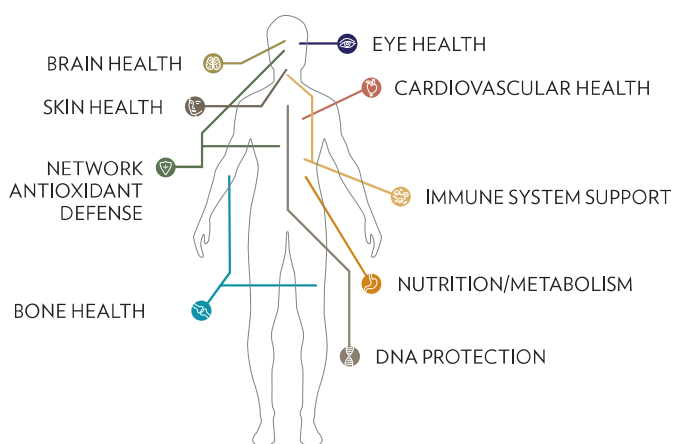

Pharmanex[®] has created comprehensive supplements to provide the body with optimal levels of important vitamins, minerals, and antioxidants.

LIFEPAK® NANO

COMPREHENSIVE ANTI-AGING NUTRITION

When taken regularly, LifePak Nano provides key nutritional benefits that are substantiated by science and proven to effectively provide the body with important antioxidants as measured by the Pharmanex® BioPhotonic Scanner.

LIFEPAK NANO PROVIDES NUTRITIONAL SUPPORT FOR ALL BODY SYSTEMS AND ORGANS

HARD-TO-ABSORB NUTRIENTS ARE NOW MORE READILY AVAILABLE TO YOUR BODY

Because of the nanotechnology in LifePak® Nano, you get the most nutritional benefit from every capsule. Through a process called nanoencapsulation, important nutrients are each embedded into a nanocapsule molecule. This process prevents nutrients from clinging together, so they are individually dispersed and more available for easy absorption.*

LIFEPAK® NANO

A proprietary innovation in anti-aging protection with advanced bioavailability and maximum benefits. LifePak Nano is designed to be our most advanced nutritional supplement.*

60 TWO-SIDED PACKETS, 30-DAY SUPPLY
ITEM 01003610

LIFEPAK®

LifePak is a comprehensive dietary supplement with important antioxidants, vitamins, minerals, and phytonutrients to support anti-aging benefits.*

60 PACKETS, 30-DAY SUPPLY ITEM 01003680

LIFEPAK® PRIME

LifePak Prime provides an array of vitamins, minerals, and antioxidants, for men over 40 and postmenopausal women.*

60 PACKETS, 30-DAY SUPPLY ITEM 01003485

LIFEPAK® WOMEN

LifePak Women provides a comprehensive formula of vitamins, minerals, and antioxidants especially developed for pre- and perimenopausal women.*

60 PACKETS, 30-DAY SUPPLY ITEM 01003486

LIFEPAK® PRENATAL

LifePak PreNatal provides an array of antioxidants, vitamins, and minerals in a safe, comprehensive formula for pregnant and lactating women.*

60 PACKETS, 30-DAY SUPPLY ITEM 01003417

JUNGAMALS® SCS

Jungamals SCS contains key vitamins, minerals, and beneficial antioxidants essential for young, growing bodies.*

90 CHEWABLE TABLETS ITEM 01003705

LIFEPAK® TEEN

LifePak Teen is a comprehensive dietary supplement that protects and nourishes growing bodies between the ages of 9 and 18.*

120 TABLETS, 30-DAY SUPPLY ITEM 01003421

LIFE ESSENTIALS®

Life Essentials supports basic nutrition with key vitamins, minerals, and antioxidants.*

60 CAPSULES, 30-DAY SUPPLY ITEM 01003320

MARINEOMEGA

MarineOmega is formulated to provide 1200mg/day of ultra-pure omega-3 fatty acids, as well as krill oil for unique brain health benefits.*

120 SOFTGELS, 30-DAY SUPPLY ITEM 01003536

PHARMANEX® BIOPHOTONIC SCANNER

HOW DO I KNOW MY SUPPLEMENTS ARE WORKING?

The answer is the Pharmanex® BioPhotonic Scanner. The scanner is an accurate, noninvasive, fast, and convenient way to determine your antioxidant status and show whether your supplements are actually working for you.

Simply place the palm of your hand in front of the scanner's safe, low-energy blue light, and within seconds you will obtain a reading of the carotenoid antioxidant levels in your skin—your Skin Carotenoid Score (SCS)—which has been scientifically correlated to your total antioxidant status.

SCIENCE BASED AND CREDIBLE

Pharmanex is the exclusive owner of the patented BioPhotonic Scanner technology. Developed by doctors and scientists at a top U.S. research university, the Pharmanex BioPhotonic Scanner is the world's first and most advanced tool to measure carotenoid antioxidant levels noninvasively in living human tissue.

GÂC SUPERFRUIT BLEND WITH LIPOCAROTENES®

The superfruit juice that is validated by science to support cellular rejuvenation and immune health. Deliciously sweet, yet slightly tart, g3 delivers nutritional benefits and antioxidant protection.*

Among g3's potent phytonutrients is a unique and highly bioavailable form of carotenoids called lipocarotenes® that provide powerful antioxidant protection while supporting healthy immune function.*

2 25 OZ. BOTTLES ITEM 01003648

4 25 OZ. BOTTLES ITEM 01103107

g3® SINGLE SERVING POUCH

Now you can get the benefits of g3 in a convenient, on-the-go, single serve pouch.

15 2 OZ. POUCHES ITEM 01003698

NU SKIN SCIENCE

Scientific innovation in both personal care and nutrition has established Nu Skin as a leader in the health and beauty industries. Our proprietary product formulations and technologies enable us to set new industry standards in anti-aging, with real solutions that exhibit demonstrable results. Our team of in-house scientists illustrates our commitment to research and development. Collaborative relationships with our Scientific Advisory Board and LifeGen Technologies help us create next-generation skin care and nutritional products with an enhanced understanding of the genetic basis of aging.

We have developed our own standards for our development and manufacturing processes—we maintain quality, efficacy, and safety controls through each and every stage to ensure unsurpassed results that meet only the highest standards and comply with all relevant government requirements. The key to this consistent quality in our products is what we call our 6S Quality Process. This process involves a set of rigorous, highly integrated activities and includes multiple layers of scientific testing and attention to detail. It requires consistent collaboration and a unified commitment to quality.

6S QUALITY PROCESS

1. SELECTION

Nu Skin works with experts and material-suppliers around the world to gather both historical and new scientific insights about the unique ingredients or components within our products and devices.

2. SOURCING

Once we select a material, our experts travel the globe to investigate potential commercial sources.

3. SPECIFICATION

We set strict specifications to provide a basis for active compounds, ingredients, and criteria for finished products.

4. STANDARDIZATION

Raw materials must meet our specifications to certify their readiness for product manufacturing. Once manufactured, our products are tested to meet their finished good specifications.

5. SAFETY

We adhere to high product safety standards by reviewing scientific literature and conducting standard safety studies.

6. SUBSTANTIATION

We take great care to ensure that our products and ingredients are not only safe, but effective.

NU SKIN ANTI-AGING SCIENTIFIC ADVISORY BOARD

The Nu Skin Anti-Aging Scientific Advisory Board brings together the best minds in research in the areas of skin care, nutrition, genomics, and bioinformatics to ensure that Nu Skin continues to provide innovative and exclusive anti-aging products that demonstrate a real difference.

A CULTURE OF GIVING

Nu Skin's culture of giving unites Nu Skin's global family of distributors, customers, and employees in innovative efforts that multiply the company's ability to nourish and uplift children.

The Nourish the Children initiative enables Nu Skin's distributors and customers to purchase VitaMeal from Nu Skin and donate it to charitable organizations to help solve the complex world problem of feeding malnourished children. The price of VitaMeal includes the cost of manufacturing, general overhead, distribution, and sales. As is the case with other Nu Skin products, distributors are paid commissions and Nu Skin earns a profit margin from each sale of VitaMeal.

NOURISH THE CHILDREN

AN INITIATIVE OF NU SKIN ENTERPRISES

NOURISH THE CHILDREN

MORE THAN **500,000,000** MEALS HAVE BEEN PURCHASED AND DONATED THROUGH THE NOURISH THE CHILDREN INITIATIVE

Nourish the Children (NTC) is a for-profit initiative that applies business principles to address the problem of childhood hunger in a sustainable manner.

The program begins with VitaMeal, a highly nutritious food developed by Nu Skin's nutritional scientists. The company's sales leaders, customers and employees can purchase VitaMeal and choose to donate the food to a third-party nonprofit organization that specializes in distributing relief to those suffering from malnutrition and famine.

Malnourished children are missing key nutrients in their diets, which can hinder brain, bone and immune system development. Most humanitarian food consists mainly of grain, such as corn, which may lack other essential nutrients necessary for healthy development. As part of the overall development of VitaMeal, Nu Skin's nutritional scientists determined the ingredients and ratios that are well-suited for a malnourished child.™ The result is a product that is fortified with essential vitamins and minerals.

MAXIMIZING YOUR IMPACT

Nu Skin matches one bag for every eight bags purchased.* For every VitaMeal 5-pack you purchase and donate, Nu Skin also donates one bag of VitaMeal. With VitaMeal plants in Malawi and China, Nourish the Children is helping create new jobs and opportunities.

For more information visit nourishthechildren.com

*Nu Skin is a for-profit distributor of nutritional and skin care products and is traded on the New York Stock Exchange (NYS). Nourish the Children is an initiative of Nu Skin and is registered in some states as a commercial co-venture. The initiative enables Nu Skin's distributors and customers to purchase VitaMeal from Nu Skin and donate it to charitable organizations to help solve the complex world problem of feeding malnourished children. The price of VitaMeal includes the cost of manufacturing, general overhead, distribution and sales. As is the case with other Nu Skin products, distributors are paid commissions and Nu Skin earns a profit margin from each sale of VitaMeal, which is lower than the profit margin on virtually all of Nu Skin's other products.

**These statements have not been evaluated by the FDA. VitaMeal is not intended to diagnose, treat, cure, or prevent any disease.
